OFFICE OF THE CITY MAYOR

To : **ALL ESTABLISHMENTS/ENTITIES AND PLACES
WHERE PEOPLE NORMALLY GATHER**

From : **THE CITY MAYOR**

Subject : **HEIGHTENED SANITATION MEASURES (COVID-19)**

Date : **March 11, 2020**

In line with the recent upsurge of the COVID-19 cases in the country, all business entities and places where people normally gather are enjoined to implement a **"Heightened Sanitation Procedure"**, effective immediately. We must disinfect frequently-utilized surfaces daily and at the same time practice proper hygiene by washing our hands often with soap and water, using alcohol based sanitizer and exercise correct coughing/sneezing procedures.

All are as well **required to have alcohol and hand sanitizers in all their entry and exit points** to proactively promote to the public "Proper Individual Hygiene".

I look forward to everyone's strictest adherence on this matter, and with our combined efforts, I am confident that we can combat this disease and remain a COVID free city.

Thank you.

MARIO O. SALVADOR
City Mayor
